ACT LOCKDOWN AND THE SUSPENSION OF FOOTBALL ACTIVITIES – UPDATE

Dear Colleagues,

Further to our previous letter regarding the ACT lockdown and suspension of football activities necessitated by the public health order, we provide the following clarifications.

Capital Football Competitions

All Capital Football administered competitions have been suspended from 5:00pm Thursday 12 August until 5:00pm on Thursday 19 August 2021 as required by the ACT public health order.

NSW Residents

NSW residents of clubs in Capital Football competitions can continue to train in NSW according to the NSW Health order relevant to where they live.

Clubs in NSW can play MiniRoos matches, and non-competitive friendly matches among teams from their club, where only NSW residents are involved.

The ACT Government has declared all of NSW a Covid affected area. For residents in the surrounding NSW region, if you live in one of the [approved postcodes](#) you may enter the ACT for essential work and healthcare reasons only, and will not need an exemption. If you live outside these postcodes, you can only enter the ACT for essential work or healthcare reasons, and will require an exemption.

ACT Residents

ACT residents of clubs in the ACT or NSW are not permitted to participate in any form of organised training, matches or face to face events or meetings for the duration of the ACT lockdown.

For clubs in the ACT, all MiniRoos and intraclub matches are suspended until 5:00pm on Thursday 19 August per the ACT public health order.

What next

Following the announcement of the ACT lockdown, the ACT Government has declared of all NSW as a Covid affected area. This declaration may present challenges to the scheduling of matches across our competitions should it remain in place when the ACT lockdown is lifted.

We will remain in regular contact with clubs to share our planning as more information becomes available.

Kind regards

Phil Brown

Chief Executive Officer
