## **ACT AND REGIONAL NSW LOCKDOWN AND THE SUSPENSION OF FOOTBALL ACTIVITIES – UPDATE**

Dear Colleagues,

Further to the previous letters regarding ACT lockdown and the suspension of football activities necessitated by the public health order, we provide the following update.

### **Capital Football Competitions**

All Capital Football administered competitions have been suspended from 5:00pm Thursday 12 August until 5:00pm Thursday 2 September 2021, as required by the government lockdowns.

### **ACT Update**

The ACT has recorded twenty-eight (28) active cases as of noon today with this current outbreak. There are now more than forty-five (45) close and casual contact exposure locations identified in the ACT. Please continue to check the [ACT COVID-19 website](#) regularly, with exposure locations updated twice daily.

Please be reminded that ACT residents are not permitted to participate in any form of organised training, matches or face to face events or meetings for the duration of the ACT lockdown.

For clubs in the ACT, all MiniRoos and intraclub matches are suspended until 5:00pm on Thursday 2 September per the ACT public health order.

## **NSW Update**

The NSW Government announced new stay-at-home restrictions for all Regional NSW, effective from 5:00pm Saturday 14 August until 12:01am Sunday 22 August 2021.

All NSW residents are not permitted to participate in any form of organised training, matches, face to face events or meetings for the duration of the Regional NSW lockdown.

For clubs in Regional NSW, all MiniRoos and intraclub matches are suspended until 12:01am on Sunday 22 August.

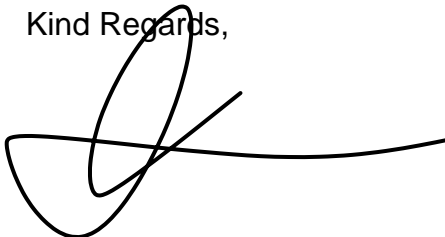

## **What Next**

The extension to the ACT lockdown, and announcement of the broader NSW lockdown present significant challenges to our competitions.

We will remain in regular contact with clubs to share our planning as more information becomes available.

To stay up to date with all relevant information please go to [ACT](#) and [NSW](#) Government websites.

Kind Regards,
