

3a. Adding General Availability

To add your weekly availability for a specific day for the duration of the season (**General Availability**):

1. Select the start date and end date you are available.
2. Select the start time and end time that you are *generally* available.
3. Select '**weekly**' as the Frequency of the availability and select the **day** that it applies to (e.g Saturday); and
4. Enter any comments to attach to this availability.

EXAMPLE: I am generally available on Saturday's (day) from the start of the day (8am) to the end of the day (10pm) from 1 March to 8 October (season).

The screenshot shows the 'Add Availability' screen in a mobile app. The interface is white with a blue header and footer. The header has a back arrow and the text 'Add Availability'. The main content area has several rows, each with an icon, a label, a green number, and a value. The rows are: Start Date (1 Mar 2022), End Date (8 Oct 2022), Start Time (08:00), End Time (22:00), Frequency (Weekly), Day of the week (optional) (Saturdays), and Note (Available to coach in morning, referee in the afternoon). The bottom of the screen has a blue 'Done' button and a grey bar with three icons: a hamburger menu, a square, and a back arrow.
